Monga, now, is an obsolete word
Says AMA Muhith in the Closing Ceremony of PRIME

Expressing a hope that Bangladesh would be free from poverty by 2024, Mr. AMA Muhith, MP, Finance Minister, Government of Bangladesh said that there is no Monga (famine like situation) in the country. “We’ve erased the word Monga from Bangla dictionary. We can pleasantly do so as Monga no more exists in the country,” commented Mr. AMA Muhith at a function at Palli Karma-Sahayak Foundation (PKSF) on November 30, 2016. “There will be no poor people in the country by the next eight years,” he said as the chief guest. PKSF held the closing ceremony of the Programmed Initiatives for Monga Eradication (PRIME), a comprehensive approach to eradicate Monga. PRIME has completed its ten years of operation in December, 2016, through a successful eradicating of Monga from the country.

Mr. Mahbub Ahmed, Senior Secretary, Finance Division, Ministry of Finance, was present as the special guest. Dr. Qazi Kholiquzzaman Ahmad, Chairman, PKSF presided over the programme. A welcome note thanking all concerned with PRIME was delivered by Mr. Md. Abdul Karim, Managing Director, PKSF. Government officials, representatives of DFID Bangladesh, PKSF’s Board Members, officials of PKSF and CEOs/representatives of PKSF’s Partner Organisations (POs) were present on this occasion.

The ceremony started with an exciting and live display of PRIME activities such as mat-making, tailoring, production of bamboo or cane craft, vermi-compost, kuchia fish cultivation etc. Funded by DFID Bangladesh PRIME was designed to implement in the north-western region of Bangladesh characterised by acute hunger and income depletion during the pre-harvest months of October to December. In 2006, PKSF started this project and gave micro-credit worth BDT 2,455 crore to 5.12 lakh families in 50 upazilas of 11 districts to help those affected by Monga. In 2010, PRIME started working in the natural disaster-prone south-western region.

Two separate presentations were made by Dr. Md. Jashim Uddin, Deputy Managing Director (Admin.), PKSF and Professor Dr. M.A. Baqui Khalily, former Executive Director of Institute for Inclusive Finance and Development (InM). DFID Bangladesh Representative Mr. Keith Thompson remarked that United Kingdom would envisage Bangladesh as a potential development partner. A session called “Voices from Grassroots” took place which was exceptional in nature in which the programme participants shared the experiences of their successful drives to come out of the poverty. Among others, Dr. Reazul Islam, former Team Leader, PCU, DFID, Dr. Md. Shahid Uz Zaman, Executive Director, ESDO and Mr. Lutfur Rahman, Executive Director, NGF also spoke on the occasion.
After a span of 10 years, Palli Karma-Sahayak Foundation (PKSF) organised a Retreat at BRAC CDM in Savar to regroup and rediscover the employee’s passions for work and socialisation of the employees of all ranks and file. The Retreat took place from October 22 to 24, 2016. Dr. Qazi Kholiquzzaman Ahmad, Chairman, PKSF and Mr. Md. Abdul Karim, Managing Director, PKSF along with all Deputy Managing Directors, General Managers and other PKSF officials up to the rank of Assistant Manager, in total 149 persons, took part in the Retreat. Members of PKSF’s Governing Body including Professor Dr. A.K.M. Nurun Nabi, Mr. Khondkar Ibrahim Khaled and Dr. M.A. Quassem, were also present in the Retreat.

In the formal part of the Retreat programme, issues were raised about the upcoming challenges for PKSF and the critical aspects of its activities of now and tomorrow. Four separate sessions took place on different issues which were moderated by senior officials of PKSF. Each of the sessions was followed by an active and lively participation of PKSF officials of different ranks. The sessions were- “PKSF Perspective: Past, Present & Future” was moderated by Mr. Md. Abdul Karim, Managing Director, PKSF; “Climate Change and Poverty” was moderated by Mr. Md. Fazlul Kader, Deputy Managing Director (Programme), PKSF; “Inclusive Finance & Development” was moderated by Dr. Md. Jashim Uddin, Deputy Managing Director (Admin.), PKSF and “Human Capacity Building of PKSF” was moderated by Mr. Golam Touhid, Deputy Managing Director (Finance), PKSF.

The recreational part of the PKSF Retreat was quite entertaining. A friendly football match participated by the male participants added to the enjoyment of the event. The women participants contributed to the show with the speedy transfer of a pillow tuned to the intermission of music. A gala cultural evening with songs and comics pleased everybody present. Renowned artistes of the country took part in the programme.

Mr. Md. Abdul Karim, Managing Director, in his closing speech thanked all the officials of PKSF to make the Retreat a success. PKSF Chairman Dr. Ahmad concluded the 3-day Retreat programme by saying that the Retreat of PKSF has come to a successful end with effective and quite impressive participation of all officials. He hoped that this Retreat would rejuvenate and strengthen the team spirit of PKSF through co-operation and coordination at the individual and community level.
COMMUNITY CLIMATE CHANGE PROJECT (CCCP)

Community Climate Change Project (CCCP) under Bangladesh Climate Change Resilience Fund (BCCRF) is a climate change adaptation project. The project aims at enhancing the capacity of the selected communities to increase their resilience to the adverse impacts of climate change. (iii) to assess the feasibility of the credit provision for the target people;

(iv) to develop a sample business plan including guidelines for the target people.

The important recommendations of the study are (i) Partner Organisations of PKSF can be a major source of financing for the aqua-farmers; (ii) since there is no specific financial institution serving the fishery sector, a bank for this sector may be established; (iii) an insurance system may be bundled with the loan product to mitigate the risk of aqua-farming, operation of hatcheries and production of fish feed; (iv) Government may provide subsidy on the raw materials of fish feed to ensure quality fish feed at affordable price (as subsidy is provided for fertilizer, electricity, diesel, etc.).
TECHNOLOGY TRANSFER

In addition to financial services and value chain support, PACE project of PKSF has been providing technological support in the microenterprise sector of Bangladesh. A project has been taken to transfer the technology titled Quadruple Cropping pattern (four-crop cycle) to the small farmers of the northern part of Bangladesh. This technology will help farmers produce 4 crops in the same field in a year. PKSF has signed an agreement with RDRS Bangladesh, a PKSF PO, to transfer this technology on October 13, 2016. A total of 1,800 farmers of two upazilas of Panchagarh and Thakurgaon districts will directly get technological support under this project. They will be able to increase their income by cultivating four crops consecutively in the same plot of land.

TRAINING ON HONEY PRODUCTION

NATIONAL WATER CONVENTION 2016

Palli Karma-Sahayak Foundation (PKSF), Bangladesh Unnayan Parishad (BUP) and NGO Forum for Public Health jointly organised a 2-day National Water Convention on December 28-29, 2016. The country’s top water experts assembled at the National Water Convention titled “Sustainable Water Regime in Bangladesh: Availability, Management, Access” held at PKSF Bhaban. This convention was organised to review the state of affairs in respect of various key water sector issues with an emphasis on how these can be more effectively addressed and how the coordination between the Government and the various stakeholders can be strengthened.

Barrister Anisul Islam Mahmud, MP, Minister, Ministry of Water Resources inaugurated the convention as the Chief Guest. Dr. Qazi Kholiquzzaman Ahmad, Chairman, PKSF presided over the inaugural session while Mr. Md. Abdul Karim, Managing Director, PKSF delivered the welcome speech. Mr. S.M.A. Rashid, Executive Director, NGO Forum for Public Health and Dr. Nilufar Banu, Executive Director, BUP gave the Introductory remarks. The event was divided in 13 technical sessions in which key-note papers were presented by eminent water experts, renowned academicians, researchers, top government officials, international and national NGO professionals.

13 technical sessions covered various water resources management issues of the country. The sessions included remarks and observations on Climate Change Induced Salinity in Coastal Areas of Bangladesh; Participatory Water Management; Flood Management in Bangladesh; Bangladesh: Poverty and Water Sector Interfaces; Water Management in Hilly Areas; Water Management in Drought-prone Regions; Arsenic Contamination of Ground Water; Urban Water Challenges; Saving the Rivers; Ensuring Potable Water for All: Technological, Management & Social Issues; Trans-boundary Water Issues; PKSF in Water Management; and Ensuring Availability & Sustainable Management of Water & Sanitation for All. Around 300 professionals from the GoB, diplomatic missions, academia, media, International & national NGOs, civil society etc. took part in the Convention.
